EXPERIENCE

SHOPIFY THEME DEVELOPER

Nov 2021 - Aug 2023

CocoKind | San Francisco, US

I joined cockind's team as a Shopify theme developer. The store sells skin care products with a highly customizable purchase experience. My primary responsibility was implementing new store designs into a fully functional store while providing support for the existing live theme. We successfully met the launch deadline. I also added customization options for all newly developed sections enabling store owners to make changes in the future without the developer's intervention.

LEAD FRONT-END AND VISUALIZATION DEVELOPER

Oct 2020 - Jul 2021

Curb Appeal Tax, Inc | La Crosse, Wisconsin, US

- Created several React components with D3 charts that support interactive visualizations of market data projections and analysis.
- Developed unit tests and component snapshot tests using Jest and Enzyme.
- Implemented client-side data transformations to map, filter, reduce, etc. large datasets for display in interactive SVG charts.
- Created dynamically populated data filters as dropdowns, checkbox groups, input fields, sliders, etc. in order to evaluate and pivot market data analysis charts.

SENIOR SHOPIFY DEVELOPER

Aug 2019 - Sep 2020

Softlimit | New York, US

- Customized and developed various new solutions for Shopify stores and built modern and optimized shops.
- Developed themes from scratch, having only design as the starting point.
- Reskinned an existing theme according to the new design and requirements.

FRONT-END AND SHOPIFY DEVELOPER

Jul 2016 - Jun 2019

Steel and Pipes | Florida, US

- Used my in-depth knowledge of Shopify to help a designer in my team.
- Built pixel-perfect theme-matching designs provided in Figma using Bootstrap CSS.
- Converted theme into a fully-functional Shopify store.
- Added complete customization options to theme sections.
- Provided assistance to the team with integrating a third-party inventory management system that the store owners already used.

EDUCATION

BACHELOR OF COMPUTER SCIENCE
